

DIAMOND BLADE 1A1R 7" HARD CERAMIK

Brand: Distar

Product Code: HC180WS0011

Availability: In Stock

Dimensions: 0.00in x 0.00in x 0.00in

Price: CA\$80.00

Short Description

The **DIAMOND BLADE 1A1R 7" HARD CERAMIK** offers unparalleled precision for clean, efficient cuts in ceramic tiles, ceramic granite, and other hard materials, ensuring professional-grade results.

Description

The **DIAMOND BLADE 1A1R 7" HARD CERAMIK** is designed for high-quality cutting of ceramic tiles and ceramic granite. Its smaller size makes it ideal for detailed and intricate work, without compromising on performance or durability.

Key Features

- **Compact and Efficient:** At 7 inches, this blade is perfect for precision cutting in smaller spaces or detailed applications.
- **High Cutting Performance:** Provides cutting speeds of **1.1 linear meters per minute**, with a lifespan of **1,000 linear meters**, delivering both speed and endurance.

- **Cost-Effective Durability:** Long-lasting construction reduces per-unit cutting costs significantly.
- **Versatile Applications:** Suitable for cutting glazed ceramics, wall and floor tiles, ceramic granite, porcelain gres, and even occasional use with marble and granite.
- **Optimized for Tile Cutters:** Compatible with tile-cutting machines using **0.8–1.5 kW** of power and water-cooled for optimal performance.
- **Water-Cooled Operation:** Requires **5 liters of water per minute** during cutting for a smooth and clean finish.

Applications

- **Ceramic Tiles:** Perfect for cutting tiles with thicknesses ranging from **5 to 11 mm**, ensuring minimal chipping and a smooth edge.
- **Ceramic Granite:** Designed to handle the demands of floor and frost-resistant ceramic granite up to **25 mm** thick.
- **Marble and Granite:** Occasionally used for these materials, providing clean and precise results.

Louis's Story: Flawless Work with the HARD CERAMIK Blade

Louis, a celebrated master in marble and ceramic granite craftsmanship, turned to the **DIAMOND BLADE 1A1R 7" HARD CERAMIK** for a complex project requiring precision and finesse. Its compact size allowed him to achieve detailed, flawless cuts, impressing his client and solidifying his reputation as a true artisan.

Why Choose the DIAMOND BLADE 1A1R 7" HARD CERAMIK?

Its compact design, combined with exceptional performance and durability, makes the **HARD CERAMIK 7"** blade the ideal choice for professionals working on smaller or more detailed projects
