

Diamond Blade 1A1R 4-1/2" Multigres

Brand: Distar

Product Code: MG1150011

Availability: In Stock

Dimensions: 0.00in x 0.00in x 0.00in

Price: CA\$30.00

Short Description

A high-performance 4-1/2" MULTIGRES diamond blade designed for fast, precise cutting of ceramic tile, porcelain gres, and marble. Ideal for professionals who need clean, chip-free results.

Description

Diamond Blade 1A1R 4-1/2" MULTIGRES – High-Performance Cutting Tool

The **Diamond Blade 1A1R 4-1/2" MULTIGRES** by DISTAR is engineered for professionals working with ceramic tiles, porcelain gres, marble, and other dense materials. It delivers exceptional precision, durability, and cutting efficiency—making it the ideal choice for demanding tiling and masonry tasks.

Exceptional Design & Build Quality

This blade features an ultra-thin 1.4 mm diamond layer designed for fast, smooth cutting with minimal chipping. With a 10 mm diamond height and a reinforced stiffness ring, the MULTIGRES provides stability, reduced vibration, and consistently clean results—cut after cut.

High Performance on Hard Materials

Tested extensively on porcelain gres, the MULTIGRES demonstrates outstanding performance:

- **Long Service Life:** Cuts up to 440 running meters or 5 m² of material in dry

cutting conditions.

- **Fast Cutting Speed:** Achieves up to 2 linear meters per minute—ideal for large projects.
- **Clean Edges:** Produces smooth, accurate cuts with minimal finishing required.

Versatile & Easy to Use

With a standard 22.2 mm mounting hole, this blade fits most 125 mm (5") angle grinders. It is suitable for both fine detailing and continuous cutting on wall and floor tiles. Its dry-cutting capability provides convenient, water-free operation.

Applications

- **Wall & Floor Tiles:** Excellent for ceramic and porcelain gres.
- **Marble & Natural Stone:** Delivers clean results on delicate surfaces.
- **Professional & DIY Projects:** Ideal for tile setters, contractors, and hobbyists seeking perfect results.

Why Choose the MULTIGRES Blade?

The **Diamond Blade 1A1R 4-1/2" MULTIGRES** combines advanced engineering with user-friendly design. Whether for residential renovations or commercial construction, it ensures precision, reliability, and efficiency. This isn't just a cutting blade—it's a professional solution for those who demand perfection.
