

HAND PAD UNI #60

Brand: Baumesser

Product Code: HAND60PAD001

Availability: In Stock

Dimensions: 0.00in x 0.00in x 0.00in

Price: CA\$15.00

Short Description

The HAND PAD UNI #60 is a versatile diamond grinding sponge, ideal for manual edge finishing and achieving seamless results on tiles and other hard surfaces.

Description

The **HAND PAD UNI #60** is the ultimate solution for craftsmen who demand precision and convenience. Designed for manual edge finishing, this diamond grinding sponge simplifies the process of smoothing rough tile edges, eliminating microscratches, and achieving flawless results without the need for heavy equipment.

Key Features

- **Diamond Abrasive Surface:** The #60 grit ensures precise grinding, suitable for a range of materials including:
 - Porcelain stoneware
 - Ceramic tiles

- Natural stone
- Glass and quartz surfaces
- **Compact and Lightweight:** Hand-held design for easy, fatigue-free operation in any workspace.
- **Flexible and Adaptable:** Conforms to edges and surfaces, ensuring consistent results even on irregular shapes.
- **Convenient and Portable:** Always within reach, eliminating the need for power tools or attachments.

Advantages

- **Enhanced Workflow:** Reduces tool changes and streamlines edge-finishing tasks.
- **Precise Control:** Manual operation allows for greater precision, perfect for delicate or detailed work.
- **Durable Construction:** Built to withstand repeated use without compromising performance.
- **Silent Operation:** No noise, dust, or power requirements, making it ideal for on-site adjustments.

Applications

- **Tile Finishing:** Smooth cut edges of porcelain, ceramic, and natural stone tiles.
- **Microscratch Removal:** Achieve a polished, professional finish with minimal effort.
- **Detail Work:** Perfect for small-scale projects or hard-to-reach areas where power tools are impractical.

Specifications

- **Abrasive Grit:** #60
- **Material:** Diamond-coated sponge
- **Dimensions:** Compact, easy-to-hold size
- **Usage:** Manual grinding for wet or dry applications

Experience Simplicity and Precision

The **HAND PAD UNI #60** offers a simple yet effective solution for tile setters, masons, and DIY enthusiasts looking to elevate their craftsmanship. Whether you're working on intricate designs or large-scale installations, this tool ensures a polished finish with minimal effort.
