

# Diamond Blade 1A1R 4-1/2" Gres Master

**Brand:** Distar

**Product Code:** GM11500012

**Availability:** In Stock

**Dimensions:** 0.00in x 0.00in x 0.00in

**Price: CA\$30.00**

## Short Description

High-speed diamond blade for cutting porcelain tiles, ceramics, and outdoor porcelain pavers. Provides smooth, chip-free edges and long-lasting durability.

## Description

### Diamond Blade 1A1R 4-1/2" Gres Master – Premium Cutting Performance

The **Gres Master 1A1R 4-1/2" Diamond Blade** is designed for professionals who need reliable, precise performance when cutting dense porcelain, ceramic tiles, gres materials, and outdoor porcelain pavers. Its fine diamond matrix and reinforced steel core ensure **clean, chip-free cuts** even through the hardest materials.

---

## Key Features

- **Continuous Rim Design:** Smooth, vibration-free cutting with minimal chipping.
- **High-Performance Diamond Matrix:** Built for dense porcelain and heavy-duty materials.
- **Precision Cutting:** Produces clean edges with little to no finishing required.
- **Optimized for Angle Grinders:** Fits standard 115 mm (4-1/2") grinders with a 22.23 mm bore.
- **Wet or Dry Cutting:** Ideal for both indoor and outdoor job sites.

---

## Applications

- **Porcelain tiles** (indoor and outdoor)
- **Ceramic wall & floor tiles**

- **Gres materials**
- **Outdoor porcelain pavers**
- **Thick porcelain slabs**

---

## **Performance & Reliability**

Engineered for demanding job sites, the Gres Master delivers **stable cutting, long life, and consistent performance**. Whether you're shaping tiles or cutting through thick exterior slabs, it provides reliable accuracy every time.

---

## **Built for Professionals**

With its advanced construction and aggressive cutting ability, the **Diamond Blade 1A1R 4-1/2" Gres Master** is the go-to choice for tile installers, contractors, and anyone who needs a durable blade that performs flawlessly under pressure.
