

DIAMOND BLADE 1A1R 7" EDGE

Brand: Distar

Product Code: EDG180WS009

Availability: In Stock

Dimensions: 120.00cm x 75.00cm x 45.00cm

Price: CA\$119.99

Short Description

The innovative **DIAMOND BLADE 1A1R 7" EDGE** is specially designed for precise 45° cuts in gres tiles, porcelain, and marble mosaics. Experience clean edges and superior durability with this high-performance blade

Description

Product Overview

The DIAMOND BLADE 1A1R 7" EDGE combines cutting-edge design and advanced diamond technology to deliver flawless 45° cuts on gres tiles and porcelain stoneware. Its unique diamond layer and reinforced steel core ensure durability, precise operation, and smooth edge polishing.

Key Features

- **Innovative Diamond Layer:** A sandwich-style diamond layer with coarse diamonds in the center for powerful cutting and fine diamonds on the edges for clean polishing.
- **Rigid Core Design:** The thickened hub reinforces rigidity, ensuring stability during cuts and preventing deviations.
- **Vibration-Free Performance:** Excellent balance minimizes vibrations for smooth and precise operation.
- **Universal Application:** Ideal for gres tiles, porcelain stoneware, ceramic tiles, and marble mosaics.

- **Water-Cooled Efficiency:** Designed for use on water-cooled tile cutter machines, ensuring optimal performance and extended blade life.

Applications

- **45° Beveled Cuts:** Perfect for creating precise miters on gres and porcelain.
- **Mosaic and Decorative Tile Work:** Achieve clean edges on intricate designs.
- **Professional Tile Installation:** Enhances project efficiency and finishing quality.

Technical Specifications

- **Blade Diameter:** 7" (180 mm)
- **Diamond Layer Height:** 1 inch
- **Cutting Angle:** 45°
- **Compatibility:** Works with tile cutter machines equipped with water cooling.

Why Choose the DIAMOND BLADE 1A1R 7" EDGE?

This blade stands out for its ability to deliver exceptional results in professional tile installations. Its advanced diamond layer ensures clean, polished cuts, saving time and effort while providing a flawless finish. Whether you're working with high-end gres tiles or delicate mosaics, this blade delivers every time.
