

DIAMOND BLADE 1 3/4" BUTTERFLY

Product Code: BUT45mm00010

Availability: 20

Weight: 0.00kg

Dimensions: 0.00d x 0.00d x 0.00d

Price: CA\$25.00

Description

When precision, quality, and stability are essential for tile cutting, the Butterfly Disc is the tool you've been seeking

Featuring a solid 0.6 mm diamond layer, this disc offers unparalleled cutting precision with an ultra-thin cut width and remarkably clean edges. Unlike galvanic discs, the Butterfly Disc is engineered for durability and consistent performance over time. Its high rigidity ensures no deviation during cutting, while the compact 45 mm diameter allows for exceptional maneuverability.

Perfect for intricate tasks like crafting buttons, hatches, covers, furniture, and decorative elements from porcelain stoneware, this disc delivers delicate, precise results. Designed for use with water supply systems, the Butterfly Disc combines innovation and reliability to meet the needs of professionals and enthusiasts alike.
