

MITER DUST REMOVAL AIRDUSTER 4 1/2" - 5"

Brand: TM Mechanic

Product Code: MAD45115AG006

Availability: In Stock

Dimensions: 0.00in x 0.00in x 0.00in

Price: CA\$40.00

Short Description

MITER DUST REMOVAL AIRDUSTER 4 1/2" - 5" is the ultimate solution for clean and controlled ceramic tile cutting. Designed for angle grinders, it efficiently removes dust while providing visual cutting control and ergonomic support.

Description

Cutting ceramic tiles, especially at a 45-degree angle, often generates excessive dust, making the workspace messy and reducing visibility. The **MITER DUST REMOVAL AIRDUSTER 4 1/2" - 5"** by TM MECHANIC is specifically engineered to solve this issue. This innovative attachment for angle grinders ensures clean, comfortable, and precise cutting.

Key Features:

- **Effective Dust Removal:** Channels almost all the dust directly to a vacuum, maintaining a clean workspace and reducing health risks.

- **Ergonomic Support:** Equipped with a plastic support system, eliminating the need to hold the grinder for extended periods, reducing hand fatigue and enabling longer, more productive work sessions.
- **Visual Cutting Control:** The accessory pipe features a window for clear visibility of the cutting zone, ensuring accuracy and precision.
- **Universal Compatibility:** Adjustable design fits all 115 mm and 125 mm angle grinders, making it a versatile tool for professionals and DIY enthusiasts alike.

The **MITER DUST REMOVAL AIRDUSTER** transforms tile cutting into a cleaner and more efficient process, offering unmatched convenience and control. Whether you're working on intricate tile designs or large-scale projects, this tool is an essential addition to your toolkit.
